

# JOIN THE SYN-ONE NETWORK

## What is the Syn-One Clinician Network?

A searchable directory, hosted on CND Life Sciences' website, of neurologists who are using the Syn-One Test® to aid in the diagnosis of Parkinson's disease, dementia with Lewy bodies, multiple system atrophy, pure autonomic failure, and REM sleep behavior disorder.

## Why Should You Join ?

Establish your practice as one of the first to offer the Syn-One Test as part of your diagnostic process and allow interested patients to find you. There is no cost to join.

## How Can You Be a Part of the Syn-One Network?

It's easy. Download the Clinician Network form from [cndlifesciences.com/form](https://cndlifesciences.com/form). Complete the form, sign, and send it to our Clinical Services team at [support@cndlifesciences.com](mailto:support@cndlifesciences.com).

The Syn-One Test provides clinicians objective pathological evidence to aid in the diagnostic evaluation of patients with clinical features of a synucleinopathy.
